

# TRITON

## OUR SECTORS

### Logistics

Integrated global logistics providers and international freight forwarding firms have come to rely on us.

## OUR SECTORS – LOGISTICS

# Stocking the right containers at the right place, at the right time

We provide Integrated global logistics providers and international freight forwarding firms with equipment to fill the critical needs of their most demanding customers.

At Triton, we possess global and local market knowledge and a deep understanding of the needs of companies operating within the logistics industry, including freight forwarders, multimodal, road transport operators, and third-party logistics (3PL).

### Trust Triton

When logistics providers face challenges, such as moving a factory from one continent to another or simply providing a “shipper-owned” shipping container to a small business, they trust us to deliver high-quality equipment every time.

Our extensive global inventory includes Dry Containers, Open Top Containers, Flush Folding Flatracks, and Refrigerated Containers.

### Reliable and efficient – we deliver on commitments

Next-day and same-day delivery is becoming a commonplace expectation in today’s digital age, putting increased pressure on companies operating within the logistics industry. Our global team of sales and service specialists has supplied SOC equipment to freight forwarders for decades; we know what it takes to keep your operations moving.

**PLEASE NOTE:** The following pages showcase a small sample of products in the Triton global inventory. We stock a wide range of products for lease and sale in various conditions. Get in touch with your local Triton representative for more information.

## 20ft Dry Container

### CLASSIFICATION

#### Lease

Available via Triton's global network of supply locations.

### FEATURES

- Manufactured with rust resistant corten steel
- Secure and weatherproof, with vents to allow airflow
- Resistant to damage and corrosion
- Superior paint systems
- Triton's industry leading new production testing and inspection criteria ensures the highest quality container
- Incredibly versatile
- Backed up by Triton's global network of supply locations and dedicated leasing and support teams
- Available globally
- IICL-6 repair criteria saves cost at off-hire
- Damage Protection Plan available to reduce costs and time at off-hire
- Flexible lease terms to meet your company needs

# 20ft Refrigerated Container

## CLASSIFICATION

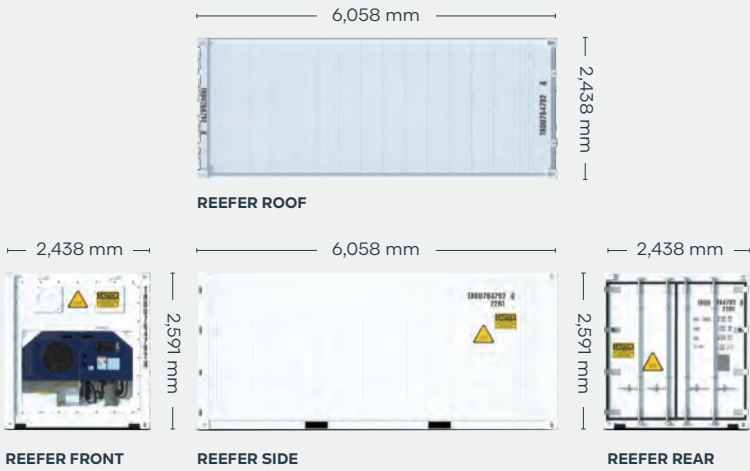

### For Sale: New

Available via Triton's global network of supply locations.

## FEATURES

- Designed for safe transportation of perishable food, beverages and temperature sensitive cargo
- Ideal for on-site temperature controlled storage
- Strong, robust, insulated and repair friendly
- Resistant to bacteria
- Low heat leakage values
- Low GWP refrigerants compatible
- State-of-the-art design and low power consumption makes units highly efficient
- With HGSS roof end panels, vacuum valve, T-bar flooring and interior aluminum scuff lining
- Provisioned for track & trace feature
- Triton's industry leading new production testing and inspection criteria ensures the highest quality container
- Can be ordered with Carrier or Thermo King machinery, with 3 Phase Power and CFC friendly refrigerant
- Backed up by Triton's global network of supply locations and dedicated sales and support teams
- Available globally
